A LOOK BACK ON 2016

## Mission & Vision

### Mission:

Our mission is to empower persons in Central Indiana affected by HIV/AIDS to move forward each day with dignity and to lead the fight to prevent the spread of HIV.

### Vision:

We envision Central Indiana free of the suffering caused by HIV/AIDS. Until then, we envision that every HIV-affected person in Central Indiana knows that The Damien Center is a safe and welcoming place.

## Our Executive Director

**Thomas Bartenbach**

Dear Friends,

When I came to The Damien Center in 2009 it would have been hard to imagine the growth we would experience over the next eight years. We are fortunate to live in a time when so much information about treating and preventing HIV exists. It has been an honor developing our service model to reflect the cutting-edge, best practices necessary to move forward toward an AIDS-free generation. When I started in this field three decades ago we were helping clients die with dignity. Today, we are helping them live to their fullest potential.

Our one-stop shop model of care is working. As we continue to see the health of our clients improve, we know that undertaking the giant task of opening a medical clinic on-site and expanding our supportive services was a vital step in achieving our agency's mission. However, our growth is not complete. In 2017, we will welcome an on-site pharmacy to further enhance our wrap-around services, removing yet another barrier our clients face in reaching undetectable viral loads. We will continue to seek out every opportunity to make accessing quality care, treatment and prevention services as easy as possible to ensure people living with HIV, and those at risk of contracting HIV, have the best possible outcomes.

The Damien Center is committed to leading the fight to end AIDS in our community. We envision Central Indiana free of the suffering caused by HIV/AIDS. Until then, we envision that every HIV-affected person in Central Indiana knows that The Damien Center is a safe and welcoming place so that no barriers separate people from the services they need to prolong and enhance their lives.

While the board and staff of The Damien Center have been on the front lines of the fight against HIV/AIDS, your support has made our progress possible. Our dedicated donors and volunteers provide the resources to make outcomes like those contained in this report possible. We could not do it without you, and we will continue to need your help meeting the needs of people living with HIV/AIDS until the epidemic is over.

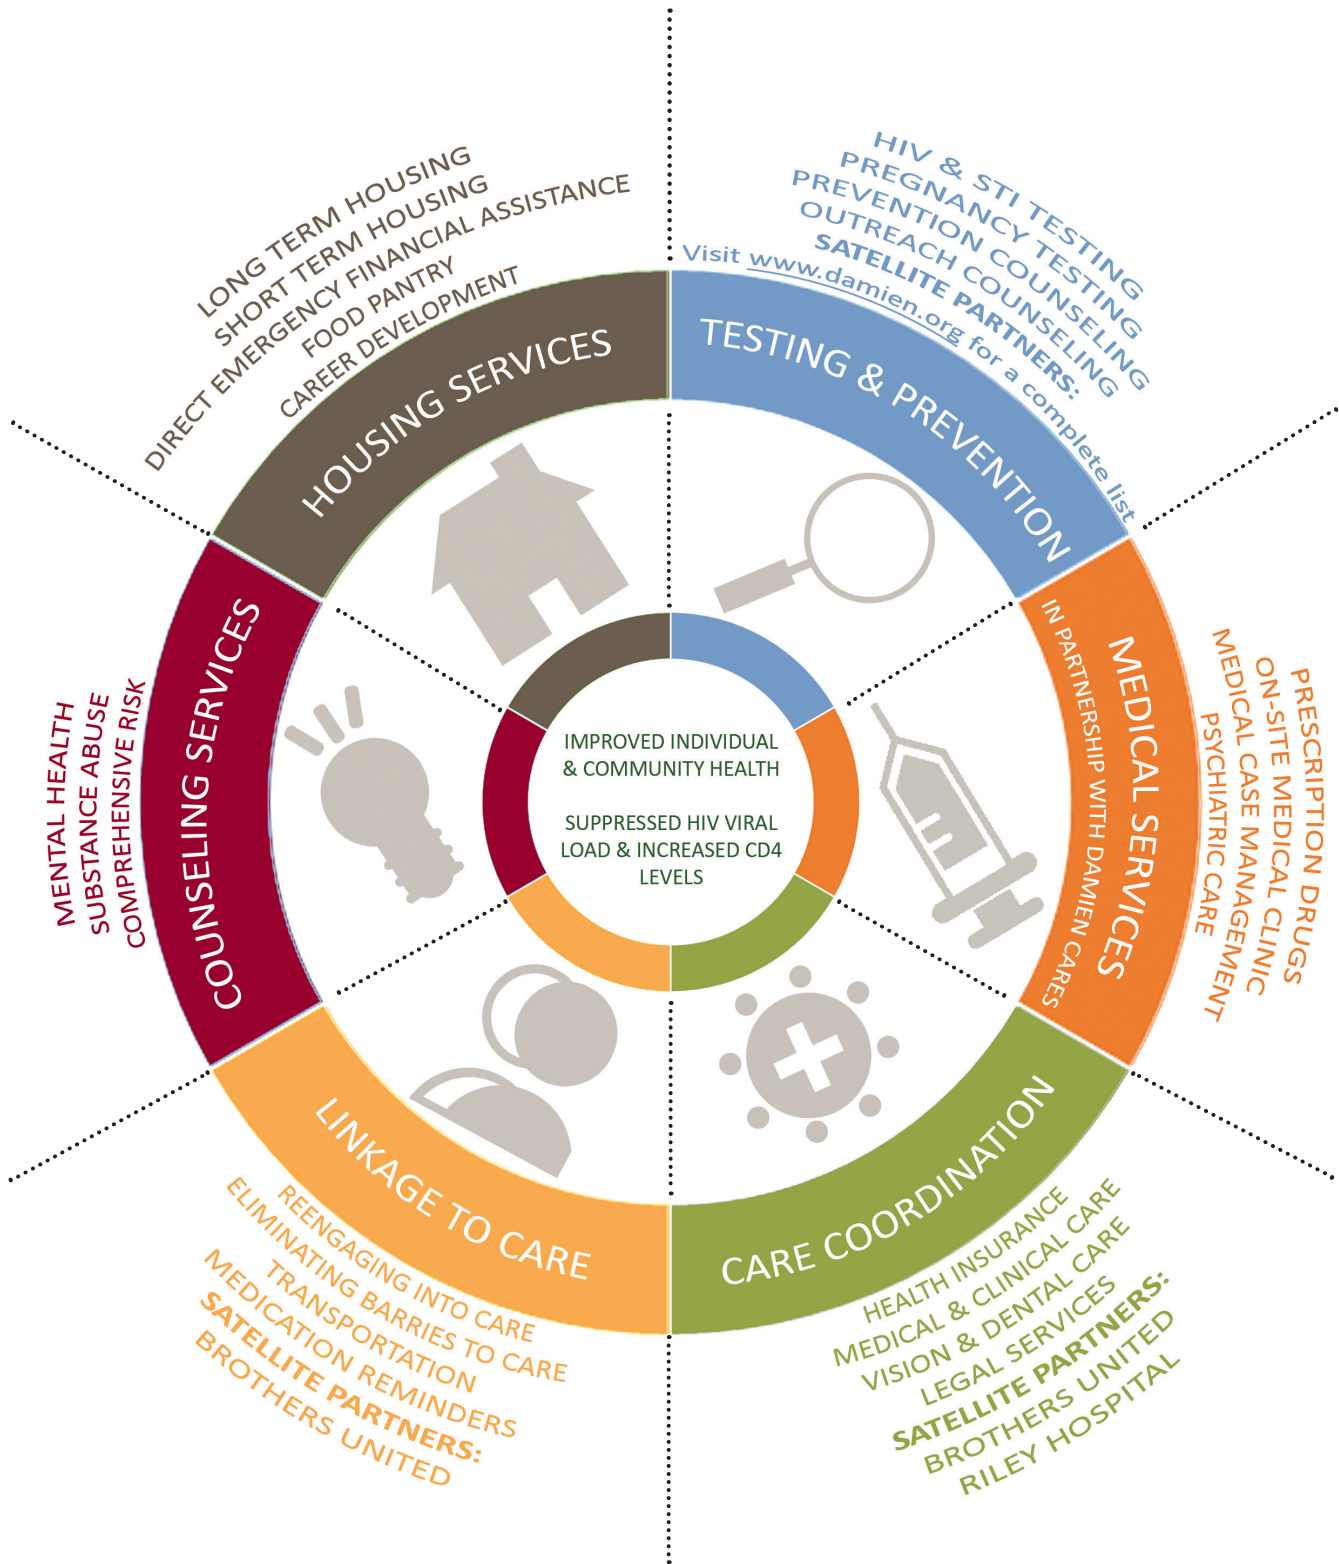

As I prepare to retire at the end of 2017, I am overwhelmed with the progress we have made not only in the past eight years, but since HIV first came to our community. There is much work left to be done, and I am confident that the next Executive Director will be well-prepared to tackle the challenges of the future.

Serving as Executive Director of Indiana's largest HIV/AIDS service organization has been the pleasure of a lifetime. I cannot express how much I sincerely appreciate the community's dedication to our cause, and I look forward to remaining an engaged advocate and donor in the future. I hope I can count on each of you to remain involved in our cause until we are free from worry about the impact of HIV/AIDS.

Sincerely,

A handwritten signature in black ink that reads "Thomas Bartenbach". The signature is written in a cursive style and is placed over a light gray rectangular background.

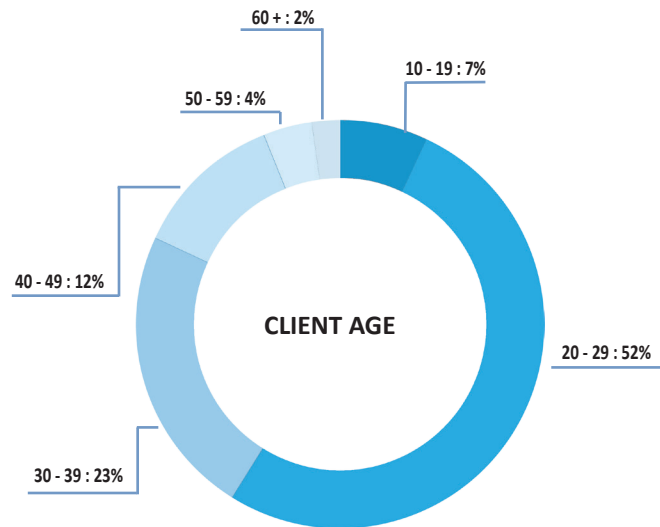

Thomas Bartenbach, Executive Director

The Damien Center's comprehensive, one-stop-shop approach to HIV/AIDS care and prevention reduces patients' HIV viral loads (the amount of HIV in the body) and increases CD4 levels (the amount of healthy immune-boosting cells in the body) -- improving the health of both patients and our community.

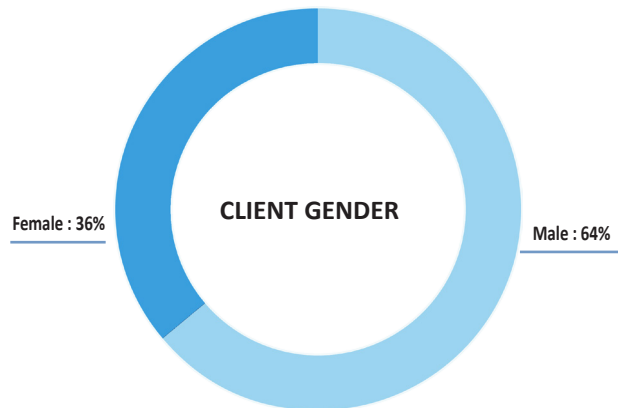

## HIV & STI TESTING

Our free and confidential HIV and Sexually Transmitted Infections (STI) testing by state-certified staff is available both on site at the Joseph F. Miller Testing Center and at various satellite locations. We test for HIV, pregnancy, and STI's including syphilis, gonorrhea, chlamydia, and trichomoniasis.

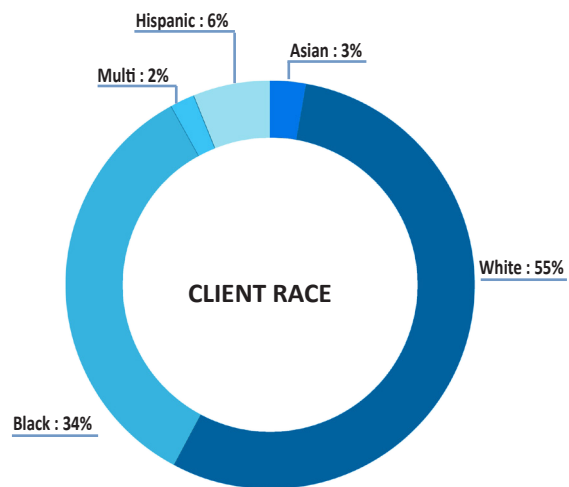

## PREVENTION OUTREACH

Our Prevention Team works to create a community that is more informed about how HIV affects us all. By providing prevention messages to clients accessing services and attending health and outreach fairs we work with the community to spread awareness about HIV.

## COMPREHENSIVE RISK COUNSELING (CRCS)

Through CRCS, anyone infected with or affected by HIV/AIDS can utilize risk-reduction support in a sensitive and culturally competent environment.

### HOUSING SERVICES

Safe, stable, and affordable housing offers the best opportunity for our clients to access drug therapies, treatments, and other services that will enhance their quality of life. When both HIV+ and high-risk HIV negative people are housed, they can better manage other needs and become healthy and self-sufficient.

### FOOD PANTRY

Meeting basic nutritional needs is critical for those living with HIV, who are already facing an often debilitating health condition and must maintain basic health to fight their HIV infection. By accessing our food pantry, they can keep their bodies strong.

### DIRECT EMERGENCY FINANCIAL ASSISTANCE

Direct Emergency Financial Assistance (DEFA) helps clients with short term rent, incidentals, utilities, transportation, medication copays, food, or other one-time emergencies.

### BUILDING A FUTURE

Building A Future is a series of classes designed to teach essential life skills and includes a wide range of topics from goal setting and legal rights to housing resources and nutrition on a budget. Our Building A Future classes are free and available to any person with HIV.

### LEGAL SERVICES

Legal services allow our clients to address needs ranging from preparing documents to accessing eligible benefits. Legal staff also address HIV related discrimination or breach of confidentiality and help clients prepare for custody of legal dependents.
